REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art of record does not disclose or fairly suggest the present invention. Applicant claims a golf ball comprising at least one layer made from exfoliated graphite dispersed in a polymeric matrix (claim1) or a layer made from sheets of compressed exfoliated graphite (claim 19). The Binette (6,561,928) reference discloses a golf ball comprising a layer with graphite as a filler. Binette does not disclose a layer comprising exfoliated graphite as claimed by applicant. Also, the graphite disclosed by Binette is not exfoliated.
